

Frame Vision Light

Available Screen Materials

White

The screen fabric has a matt white surface which provides a 180° viewing angle.

Grey

The screen fabric has a high contrast grey surface which provides 180° viewing angle.

Available Formats

The format of the viewing area is 4:3.

The format of the viewing area is 16:9.

Optional

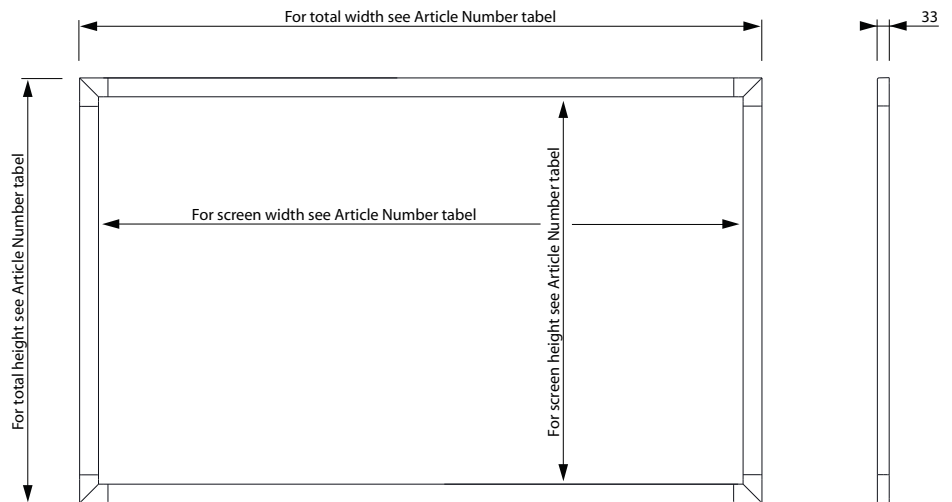

Veltex

For total control of the ambient light. Reducing the reflections to a minimum.

Frame Vision is a high quality framed screen with a tensioning system that puts equal tension on each part of the viewing surface, making it perfectly smooth. The surface is stretched on an aluminium frame that features an attractive black border, giving the screen a theatre-like appearance. As an option, Vel-Tex can be added to the frame, for total control of the ambient light and reducing the reflections to an absolute minimum. Frame Vision is very quick and easy to assemble.
